## Symbols for the human Essence energies.

You are an immortal, non-physical life-energy entity temporarily residing in a physical body to play in physical universe. You are formed of the ESSENCE of LIFE, of BEING: the ONE INFINITE UNIVERSAL INTELLIGENT CONSCIOUS POWERFUL WILL CAUSAL LIFE SPACE-ENERGY, aka IT. This LIFE ENERGY has many properties and characteristics including perception, awareness, consciousness and self-consciousness, knowledge, memory, intelligence, intuition, creativity, wisdom, will, decision, determination, emotion, love, bliss and power. This last is the ability to be Cause, to move energy and to Create. We can shorten all of these to "ESSENCE of Life" or "ESSENCE of BEing," or just "ESSENCE" for short. The four basic characteristics of ESSENCE are: Wisdom, Power, Value and LoveJoy.

You are made of ESSENCE; you are an individualized unit of ESSENCE. We can also state this by saying that you are a non-physical Aware, Wise, Will-Power-Creator, LoveJoy-ing entity.
